

**Norman E. Lepor, MD**

David Geffen School of Medicine at UCLA  
Los Angeles, CA

**Norman E. Lepor, MD**, is Clinical Professor of Medicine at the David Geffen School of Medicine at the University of California, Los Angeles (UCLA) and attending cardiologist at Cedars-Sinai Heart Institute Los Angeles, California. He is also the director of Clinical Research at Westside Medical Associates of Los Angeles Co-Director of Cardiovascular Imaging at Westside Medical Imaging in Beverly Hills. Dr Lepor received his MD from Johns Hopkins University in Baltimore, Maryland, followed by a residency in internal medicine and a fellowship in cardiology at Cedars-Sinai Medical Center.

He is a fellow of the American College of Cardiology (ACC), American Heart Association, and the Society for Coronary Angiography and Interventions. He is a member of the American Society of Echocardiography and the Obesity Society. He has served on the Board of Governors of the ACC and is a Past President of the ACC's California Chapter and remains active lobbying for patients and healthcare in Washington DC and Sacramento. Dr. Lepor is well known as a "triple threat" through his accomplishments as a clinician, educator and clinical research scientist.

Dr Lepor's clinical focus is the prevention and treatment of diabetes related cardiovascular diseases, coronary artery disease, heart failure and lipid disorders. He has served as principal investigator for numerous cardiovascular clinical trials including those relating to dapagliflozin and heart failure with reduced and preserved ejection fraction, ticagrelor in patients with diabetes and stable coronary heart disease and many others. He is a highly sought after medical educator, lecturing around the world on subjects ranging from the treatment of diabetics with cardiovascular disease, lipid

abnormalities and heart failure. He has presented at such prestigious conferences as the Scientific Sessions of the American Heart Association, American College of Cardiology, European Society of Cardiology among others.

Dr Lepor has authored or coauthored more than 50 articles published in peer-reviewed journals, such as the *New England Journal of Medicine*, *Journal of the American College of Cardiology*, *Journal of the American Medical Association*, *Atherosclerosis*, *Journal of the American Heart Association*, *American Journal of Cardiology* and *Catheterization and Cardiovascular Interventions*. He is cofounder and co-editor of *Reviews in Cardiovascular Medicine*, an editorial consultant for the *Journal of the American College of Cardiology*, and a reviewer for the *American Journal of Cardiology* and the *American Journal of Kidney Diseases*.
